

Good Day Business Colleagues, Family, and Friends,

I am stepping outside of my comfort zone a bit to share my perspective about the Mayoral Election. We all know that the upcoming election is important both nationally and locally. I fully support the Democratic ticket for the Presidential Election simply because I believe it is the best choice. I am proud to say that at this stage in my life I am an independent thinker, and that is why I am casting my vote for Bob Wallace as the Independent Candidate for Mayor. As a resident of Baltimore for over 60 years, and a black business owner in Baltimore for over 20 years, I have seen and experienced a drastic decline in the conditions of our city over the past few decades. **Why Bob Wallace?**

**He is a successful businessman with global connections that can bring the necessary resources and business development to Baltimore. His business acumen will bring a needed business culture to City Hall's overall efficiency with his knowledge of government and business operations; his proven abilities in high-level business; black, minority, and small business procurement; job creation; technological, and environmental matters.** I believe the current Administration has done its best, but it simply has not been good enough. Bob Wallace is the change that Baltimore needs in such a time as this. **Please join me in voting for Bob Wallace as our next Mayor for Baltimore City.** If you don't believe me, check out his record for yourself.....as you should!!

Best Regards,  
Debra Keller-Greene, CEO
